

Happy Holidays

It's been a special year for the global team at Vectronic Aerospace. In the past weeks, we took time to reflect together and be reminded of how appreciative we are for our loyal employees and customers. Most impressive, our teams in Germany, Canada, Finland, and the United States were able to meet the increased demand for GPS collar production, sales, and service in the face of supply chain issues and global uncertainty. We are privileged to continue our work as the responsive, client-focused, and animal welfare partners our clients seek when gathering their data.

Kindly note our offices will be closed 23 December 2022 through 2 January 2023 so our employees can spend time with their families for the Holidays.

Happy Holidays

Back to In-Person Client Support & Conferences

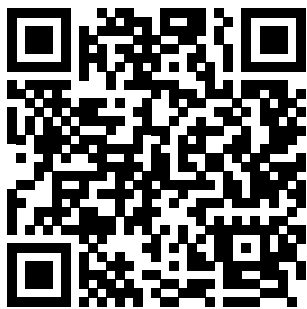

We've missed you and cannot wait to reestablish the professional, global relationships that are so important to us.

Inventa Webservice & Mobile App

If you haven't started using the [Inventa Webservice](#), we can help you get started with this platform that makes managing and sharing your data more convenient. Look for additional features to be added in 2023!

Have you downloaded the Inventa mobile app? It's available for Android devices in the [Google Play Store](#) and Apple iOS devices in the [App Store](#).

Happy Holidays

Here's to 2023!

As we say farewell to 2022, we look forward to exciting new developments in our work for 2023. From all of us at Vectronic Aerospace, we wish you a safe, healthy, and happy Holiday season and look forward to seeing you in 2023.
