## BUCKS AND BULLS TO 6-MONTH OLDS FROM VECTRONIC AEROSPACE

The Vertex Fusion combines the increased functionality of our Vertex Lite with the single housing of a Vertex Survey collar. The versatile combination of the Vertex Fusion is ideal for ungulate species. Designed with the animal's welfare in mind, this collar is extremely customizable and easily fitted with an elastic or expandable belt. All electronics are protected in a single waterproof housing, making it durable against damage and environmental influences.
